FOCUS ON FRAGILITY

A staggering number of 1.2 billion people live their daily lives in the imminence of war, armed conflict and increasingly recurrent natural disasters. Their basic needs are unmet, their human rights are trampled, their voices aren't heard.

In the heart of their communities, Cordaid mobilizes global networks, resources and knowledge to help people move beyond survival and live in dignity.

In this mission we are guided by compassion and the catholic social teachings of human dignity, subsidiarity, solidarity and care of the common good.

Making healthcare accessible using Results Based Financing

LINKING RELIEF AND DEVELOPMENT

Where crises are most daunting and complex, we rise to the occasion by linking immediate relief and structural development. Wherever we can we combine life saving emergency aid with longer term improvement of

- Security and justice
- Healthcare systems
- Economic opportunities

Resilient communities

To catalyze real change we empower local communities to set their own development agendas. We mobilize the private sector, pressure local governments and international decision makers to change policies and provide public services that are more responsive to community needs.

As women, entrepreneurs and youth are change makers *par excellence*, we support them to expand their leadership roles in establishing peace and prosperity.

“After the start of RBF health personnel became more motivated, working conditions improved and clinics started to function better.”

Dr. Mwanza Nangunia Nash,
Minister of Health, South Kivu province, DR Congo

CORDAID AND THE SDGs

In 2015 UN member states adopted 17 Sustainable Development Goals – also called Global Goals – to end poverty, protect the planet, and ensure prosperity for all. For the goals to be reached everyone has to do its part: governments, the private sector, civil society and citizens alike.

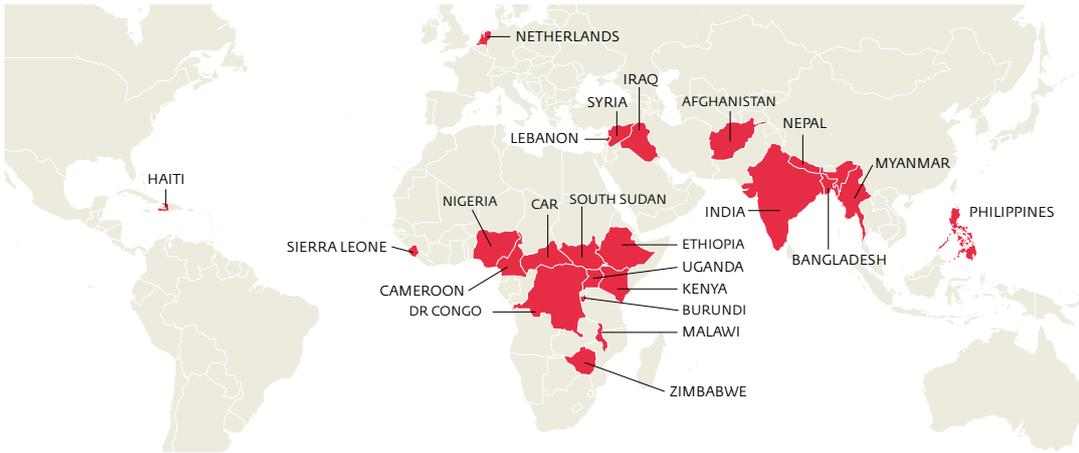

Cordaid consistently links its work and its partnerships to 9 of the Global Goals and helps to achieve them in the most challenging places.

By setting global agendas, we can scale up our efforts for the world's excluded.

WHERE WE WORK

Cordaid operates in 22 countries, including our home country the Netherlands.

Our top 10 focus countries are: DR Congo, Central African Republic, South Sudan, Burundi, Afghanistan, Ethiopia, Sierra Leone, Iraq, Syria, Zimbabwe

INNOVATIVE AID

Over a century of experience and learning puts us in the forefront of aid effectiveness and aid innovation.

Results Based Financing

Cordaid successfully introduced Results Based Financing for healthcare in African and Asian countries. This innovative method, which finances pre-agreed results of medical service providers, has become a standard for many aid agencies and governments. We are now expanding our RBF approach to improve educational systems and justice and security sectors in conflict-affected settings.

Cordaid Investments

Being an impact investor since 1997, we are a frontrunner in this field. Cordaid Investments, the asset management branch of Cordaid, has three investment funds, totaling 63 million euro. They serve the (risk) capital needs of smallholder farmers in rural areas (RURAF), micro and small entrepreneurs in fragile African regions (SIFA) and health centers participating in Cordaid's RBF programs (Health Fund).

SOME OF OUR RESULTS 2015

6 million

people provided with access to basic healthcare

220,000

children and students were given access to education

1.2 million

people benefitted from humanitarian aid/DRR

440,000

loans to entrepreneurs (65% women)

1,500

local security and justice initiatives in DRC

300

female judges trained in Afghanistan

200

women trained in peace building in South Sudan

“Cordaid encouraged us to embrace more innovative approaches in our partnership with the EU, in particular in fragile states and Sub-Saharan Africa.”

Cyrrill Muller, Vice President for External and Corporate relations, The World Bank Group.

MORE TRANSPARENCY, MORE IMPACT

We attach great importance to transparency, as sharing information and knowledge improves the quality and impact of our work. This is why Cordaid is in the Steering Committee of the International Aid Transparency Initiative. And why all our project-related information can be found on www.cordaid.org, in full compliance with IATI standards. We invite all aid professionals and concerned citizens to follow up on what we do and help us improve.

Our campaigning power

Our campaigns mobilize worldwide support and engagement. As an example our 'Small Change, Big difference' campaign reached over 50 million people and sparked lively debates about topics of injustice and poverty, from Colombia to India.

YOUR IMPLEMENTING PARTNER

"Cordaid's networks and longstanding partner relations allow us to mobilize local, national and international stakeholders. Together we are drivers of social change. We work in the tiniest villages of countries like South Sudan and Afghanistan, as well as in the world's centers of decision making. We connect citizens, NGOs, companies and governments to build a world that is fair and sustainable. We have the implementing power to tackle poverty and injustice. To expand our work for the world's most vulnerable people, we are constantly searching for new partnerships. Therefore we welcome any partnering opportunity with companies and foundations that share our mission. Whether you are an investor or a grants-based organization, if your goal is to achieve lasting social impact, we invite you to become our strategic partner or support the Cordaid Foundation.

Let's work together, for more justice and solidarity and less human suffering, in places where it is most needed."

ABOUT CORDAID

Cordaid strives to end poverty and exclusion. We do this in the world's most fragile and conflict-affected areas as well as in the Netherlands. We engage local communities to rebuild trust and resilience and increase people's self-reliance. Our professionals provide humanitarian assistance and create opportunities to improve security, healthcare and education and stimulate inclusive economic growth. We are supported by 288,000 private donors in the Netherlands and by a worldwide partner network. This gives us the leverage and implementing power to solve problems and create structural change in the most challenging settings.

Cordaid is a founding member of Caritas Internationalis, a confederation of over 160 catholic humanitarian organizations. Together we are on the ground, around the world, reaching out to the poor, vulnerable and excluded, regardless of race and religion.
